## Your arrival in Eure

Useful information for  
displaced persons from Ukraine

# Summary Job Market

As a beneficiary of temporary protection, you can find a job as soon as you receive your temporary residence permit. The employer does not have to follow any additional procedure.

You can register on the job seeker's list at the nearest Pôle Emploi:

<https://www.pole-emploi.fr/annuaire/votre-pole-emploi.html>

- Temporary protection
- Need some help with administrative procedures ?
- Regional and national mobility
- Currency and Banking
- Schooling
- Higher education
- Healthcare
- Pets
- COVID-19 vaccination
- Job market

**Some professionals are particularly sought after in the department:**

If you are a teacher and would like to work, please send your contact details to :

[cab27@ac-rouen.fr](mailto:cab27@ac-rouen.fr)

If you are a doctor or healthcare professional and would like to work, please send your contact details to:

[ars-normandie-direction-appui-performance@ars.sante.fr](mailto:ars-normandie-direction-appui-performance@ars.sante.fr)

## COVID-19 vaccination

### Vaccination is protection!

Through vaccines, your body learns to recognize COVID and how to defend itself.

Vaccines are very effective in protecting against severe forms.

In France, they are free for everyone.

### If I have fragile health (eg diabetes, cancer, rare disease): can I get vaccinated?

Yes, if I have fragile health, vaccination is highly recommended because I can easily develop a serious form !

### If I have already been infected with COVID-19, can I get vaccinated?

Yes I can, at least 2 months after being sick

## Where and how to get vaccinated?

The Caisse Primaire d'Assurance Maladie (CPAM) will send you a certificate of registration for health insurance.

This letter will be accompanied by a letter in which you will find:

- places to get vaccinated: the centers of Gisors and Val-de-Reuil, as well as the network of hospitals
- schedules
- a transport voucher to travel independently to the vaccination sites

## Temporary protection

Displaced persons from Ukraine are eligible for the temporary protection regime in 4 cases:

Case no. 1: you are Ukrainian and resided in Ukraine before February 24, 2022.

Case 2: you are not Ukrainian, and you benefit from protection granted by the Ukrainian authorities;

Case n°3: you are a member of the family of a person falling under case n°1 or 2 (the members of the family are: the spouse, unmarried minor children and dependent parents).

Case n°4: you are not a Ukrainian national, you hold a valid permanent residence permit issued by the Ukrainian authorities and you are unable to return safely to your country of origin.

## Temporary protection: what rights does it confer?

- Payment of the asylum seeker's allowance (ADA);
- Authorization to exercise a professional activity;
- Issuance of a temporary residence permit (APS) for a period of 6 months, bearing the mention "beneficiary of temporary protection", renewable within the limit of three consecutive years;
- Access to medical care;
- The schooling of minor children;
- Access to accommodation that meets the needs of the household, coupled with appropriate social support;
- Access to the payment of housing allowances (APL).

# Healthcare

As soon as you receive your temporary residence permit, you can register for health insurance at CPAM de l'Eure. Then, you can consult a general practitioner free of charge. Only a general practitioner can prescribe medication or refer to a specialist.

## Need some help with administrative procedures?

The "Espaces France Services" network can provide you:

- First level information
- Access to a computer and the Internet
- Support for carrying out administrative procedures

## Where to find them in Eure :

- Beaumont-le-Roger
- Bourg-Achard
- Breteuil
- Brionne
- Conches-en-Ouche
- Étrépagny
- Evreux
- Fleury-sur-Andelle
- Gaillon
- Gisors
- Grand-Bourgtheroulde
- La Trinité-de-Réville
- Les Andelys
- Louviers
- Mesnil-en-Ouche
- Mesnils-sur-Iton
- Pont-de-l'Arche
- Rugles
- Thuit de l'Oison
- Val-de-Reuil
- Vernon
- Vexin-sur-Epte

## Pets

Dogs and cats from Ukraine entering the European Union must usually meet the following regulatory requirements :

- identified animal
- animal validly vaccinated against rabies
- animal having undergone verification of the effectiveness of its antibodies against rabies within 3 months before importation
- accompanied by an original health certificate.

Given the urgency of the situation, France is implementing a system to welcome animals that do not meet these requirements.

We invite people with an animal to contact a veterinarian or the local population protection office (DDPP) as soon as possible. Several veterinary health surveillance visits will be necessary. This health protocol, which includes vaccination, ensures the protection of both animal and public health.

The Brigitte Bardot Foundation and the Vétérinaires pour Tous (VPT) organization have decided to collaborate so that veterinary care is free for any Ukrainian who owns an animal.

**ddpp@eure.gouv.fr**

## Schooling

Municipalities are your first interlocutors for schooling. They will contact the national education services.

The children will be received as a priority in schools which allow, in addition to traditional teaching, to receive intensive teaching in French to facilitate their integration.

When these services exist, enrollment in the school canteen and after school care is a right.

## Higher education

Ukrainian students who would like to enroll in a French higher education course can contact Campus France at this address:

[ukraine@campusfrance.org](mailto:ukraine@campusfrance.org)

Ukrainian students, as well as other students benefiting from temporary protection, will be able to receive scholarships based on social criteria, in particular if they enroll in a course authorized to receive scholarship holders.

## Regional and national mobility

In order to welcome displaced persons from Ukraine in the best possible conditions, the Normandy Region has decided to offer them free transport on the entire "Nomad" regional transport network, including "Nomad" autobuses. To get free transport, go to a bus station or a bus stop and show the driver one of these documents:

- Ukrainian ID
- Ukrainian passport
- « Help Ukraine » pass delivered by Deutsche Bahn
- Ukrainian resident card
- A certificate delivered by the prefecture or a municipality

If your children go to school in the region, you can also apply for a school transport subscription.

SNCF also allows people displaced from Ukraine to travel free of charge on board its trains in France and to border destinations.

At the station, go to a sales counter with one of these documents to obtain a free train ticket:

- a passport or identity card issued by Ukraine
- a Deutsche Bahn HELP Ukraine ticket
- a valid Ukrainian residence permit
- a Ukrainian card of foreign resident in Ukraine

## Driving in France?

You can drive with your Ukrainian license for one year. France and Ukraine do not have an exchange agreement on driving licenses, it will not be possible to drive without passing the French exam after this period.

# Currency and Banking

- **I am Ukrainian: Can I open an account in France?**

Yes, if you can produce the requested supporting documents. However, banking establishments may refuse to open an account in application of their freedom of contract. In case of refusal, you can request the benefit of the "right to the account" procedure.

- **I have hryvnia banknotes that I want to change into euros. Is it possible?**

In practice, such exchange operations from hryvnia to euros are extremely difficult. Foreign exchange offices in France do not accept this volatile currency, with some exceptions. The "Banque de France" does not carry out any foreign exchange transactions. Some banks can make the exchange, but only for their customers. Do not hesitate to ask your bank in France. Please note change machines found in airports, for example, only offer the main currencies, in no case the Ukrainian currency.

- **I hold an international card (labeled VISA or Mastercard) issued by a Ukrainian bank.**

Cards issued by a Ukrainian bank can be used in the European Union. Cardholders can pay at European/French merchants and withdraw cash from ATMs within the limits of the card contract.

However, the use of bank cards may be affected by the ability of Ukrainian banks to operate.

- **I have funds in a Ukrainian account. Can I repatriate them by means of an international transfer to a bank account in France?**

There are no restrictions in place, other than the ability of Ukrainian banks to process the operation in the current situation. The bank located in France or in the EU must carry out, upon receipt of the funds, the checks on the origin of the funds required by the legislation.

## The "right to account" procedure

Persons who benefit from temporary protection and reside in France may, if the opening of an account is refused by traditional banking establishments, request the exercise of the "right to an account". The following documents are required:

- the "right to account" form;
- proof of identity and more particularly the temporary residence permit issued by the prefecture;
- the refusal letter from the institution that refused to open the account;
- proof of address. Are accepted :
  - certificates of residence issued by organizations combating exclusion
  - certificates of residence issued by municipal centers for social action (CCAS)
  - declarations of domiciliation submitted by contracted organizations.
  - in the case of accommodation with a private individual, sworn statements from the host are also accepted, along with their identity card and proof of address.

## How to contact the Banque de France ?

To make an appointment or send a request:

<https://accueil.banque-france.fr>

Banque de France  
TSA 50 120  
75 035 Paris Cedex 01

To make an appointment or obtain the opening hours of the closest unit:
